

QUOTATION REQUEST Plus Ex JUNCTION BOX

From.....Date.....

Company/Address.....

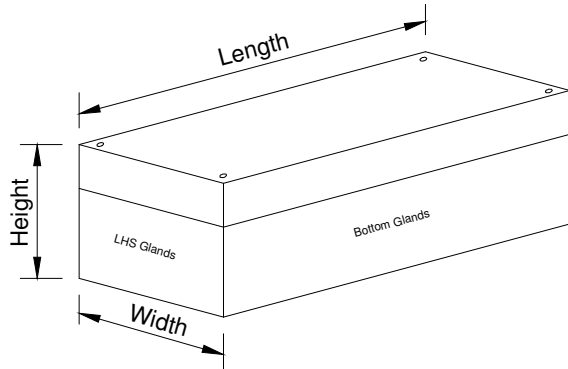

.....Tel.....Fax.....Email.....

Certification (Please tick box / add quantity required)

Certification required	Ex e	Ex i	Ex td	Quantity required

Box Size -

Length	Width	Depth
80	75	75
110	75	75
160	75	75
190	75	75
230	75	75
220	120	90
160	160	90
260	160	90

Terminal Requirements

Cable	Size	No	Size	No	Size	No
2 conductor through	2.5mm ²		4.0mm ²		6.0mm ²	
3 conductor through						
4 conductor through						
2 conductor earth	2.5mm ²		4.0mm ²		6.0mm ²	
3 conductor earth						
4 conductor earth						

Gland Requirements (see over for standard drilling options available)

Box side	M16	Gland type	SWA y/n	Cable dia	M20	Gland type	SWA y/n	Cable dia	Other size please specify	Gland type	SWA y/n	Cable dia
Top												
Bottom												
LHS												
RHS												

Accessories

Earth Continuity plate	Component Mounting plate	External mounting vertical feet (2 sets)	External mounting feet (4 sets)	Earth Stud	External Hinges

2016	PTB 05 ATEX 1031U	IECEXPTB05.0015U

OTHER TERMINALS CAN BE USED PROVIDING THEY
COMPLY WITH EN 60079-7:2007

For Ex i (Intrinsically safe) approved junction boxes the latest standard EN 60079-11 does not require the terminals to be coloured blue. Wago's preference will be to use Ex e Grey terminals, Ex e Blue terminals can be supplied in blue in the 2002 to 2016 range
